

MASTERS OF ADAPTATION

weinor conservatory awnings

weinor **CONSERVATORY AWNINGS** Air-conditioning units for clever people

The good thing about light-flooded conservatories and patio roofs is at the same time also a challenge. When there are high levels of sunshine the light is not always welcome – moreover it becomes unpleasantly hot. With conservatory awnings from weinor, you create pleasant shading and your personal feel-good climate.

Heat protection installed on the roof
Fitted conservatory awnings from weinor prevent the air under a patio roof or in a conservatory from overheating. WGM Top can be mounted on almost any conservatory or patio roof, even retrospectively.

Glare protection mounted under the roof
The undermounted Sottezza family conservatory awnings not only ensure a homely, textile flair, but also hinder unpleasant glare effects. It is the elegant supplement to every patio roof, thanks to the lean cassette with invisible technology.

weinor CONSERVATORY AWNINGS Highlights

For many years now, weinor has consistently driven innovation for the area of conservatory awnings – whether mounted or undermounted. Here, three aspects are in focus.

RETROFITTING

Overlaid

Underlaid

The fitting augmentation for almost all types of patio roofs or conservatories

As a result of state-of-the-art technology, elegant design and the huge range of colours, conservatory awnings from weinor adapt to almost every roof – whether wooden, aluminium or plastic. weinor awnings can also easily be installed on existing patio roofs and conservatories, even for large roof surfaces.

COMFORT

The right control unit to suit all needs

weinor conservatory awnings can be operated really effortlessly with weinor BiConnect or Somfy control units: via hard wired switch, remote control or Smart Home, with a hand transmitter and also using a Smart-Home app via a smartphone or tablet. Upon request, weather sensors can also assume the control function. They retract or extend the conservatory awning accordingly when it is windy, rains or is sunny.

TECHNOLOGY

Agreeably quiet and easy running due to state-of-the-art technology

The precise technology of the weinor carriage system provides particularly precise guidance and smooth running at all times.

Frame colour WT 029/90146 | Pattern 3-847 porcelain

www.weinor.com/wgmtop

Frame colour WT 029/60740 | Pattern 3-745 cappuccino/birch

WGM Top

Exterior shading for the whole range of roofs

The over roof conservatory awning WGM Top reliably protects against overheating and thus contributes to a pleasant atmosphere. Due to its superb design and the individual dimensioning it adapts flexibly to almost every roof construction. The proven quality along with tried and tested technology ensures optimum performance and aesthetically pleasing fabric tautness.

Frame colour RAL 7032 | Pattern 3-801 straw

Heat and glare protection that stand the test of time

The over roof shading system WGM Top ensures the space underneath your conservatory or glass room does not heat up too much. It stops the sun hitting the glass roof so heat build up is not an issue.

The all-round enclosed and robust awning cassette keeps the fabric and other component parts well protected from the elements.

You can enjoy superb weather protection for many years.

WGM Top – Highlights and benefits

Creating a pleasant climate in the conservatory or under the glass patio roof

The WGM Top can be retrofitted to a whole range of different untrussed roofs. It protects against overheating, thus contributing to a pleasant atmosphere.

- suitable for larger cross sections and dimensions up to 36 m²
- wind-resistant up to wind force 6 on the Beaufort scale
- elegant design without any screws, caps or fixings

Functioning principle of OptiStretch

Clever Stretch and OptiStretch versions

WGM Top Stretch: the consistent tension and fabric position creates a cosy atmosphere.

- **Stretch:** held captive on 2 sides, easy to install, cost effective solution

WGM Top OptiStretch: superb tension with reduced sagging and no light gaps. Improved performance during operation.

- **OptiStretch:** held captive on all 4 sides, no light gaps

Supporting brackets for every requirement

The conservatory awning WGM Top support brackets convince with their high stability and impress with their subtle and almost screwless look. The

awning height can be individually adjusted thanks to the different versions (fixed, adjustable, standard and special version).

Quiet and consistent operation

The WGM Top tension system ensures optimum fabric performance and positioning. It includes, amongst other things, a new flat rope and the tried and tested weinor carriage system.

The flat rope is extremely quiet and durable, the weinor carriage system features quiet retraction and extension that is gentle on materials.

Sun, wind and rain sensors

Radio sensors provide maximum convenience. They open the awning automatically when the sun comes out and retract it in the rain and wind.

Available in the following versions:

- sun/wind/rain sensor
- sun/wind sensor
- sun sensor
- wind sensor

Framecolour RAL 7015 | Pattern 3-717 coriander

Sottezza Pure and Originale

Under roof shading with textile charm

With an undermounted weinor conservatory awning, you'll generate a great atmosphere under your patio roof or in your conservatory. In the summer, the cubic Sottezza Pure or the round Sottezza Originale transform glaring sunlight to a magic light atmosphere. And last but not least, they reduce the heat build up whilst providing effective glare protection.

Frame colour WT 029/70786 | Pattern 4-687 birch-white | Patio roof material: Wood

Undermounted sun protection with a homely flair

As attractive glare protection, the undermounted conservatory awnings from the Sottezza family are always suitable when sufficient air circulation is provided for under the Glasoasen® or patio roof. The customisable sizes also make it a good fit for any other rectangular patio roof.

Awarded with:

Sottezza Pure / LED | Sottezza Originale / LED Highlights and versions

Underglass sun protection for cosy living

With their slim shape and an attractive fabric, Sottezza awnings under glass provide homeliness beneath the patio roof. A huge range of fabrics and colours makes designing them a pleasure.

- Optically matching for any patio roof
- Suitable for retrofitting almost everywhere
- Also provides shading for large surfaces with multi-section units

Sottezza Pure and Originale – matching your patio roof

The cubic Sottezza Pure awning under glass complements the linear patio roofs Terrazza Pure and Sempra perfectly, the round Sottezza Originale excellently matches Terrazza Originale.

- Cubic or round for all lifestyles
- The ideal design for all weinor patio roofs
- Also for patio roofs from other manufacturers

Long evenings with integrated LED lighting

Enjoy long evenings on your patio – harmonious lighting is provided by the Sottezza LED version. The cassette with integrated LED lighting discreetly blends in beneath the patio roof.

- Pleasant warm white light
- Operating life of 30,000 hours
- Highly energy-efficient
- Dimmable via remote control with a hand transmitter or using a Smart Home app with a smartphone or tablet.

OptiStretch – the best all-around fabric tension

The proven OptiStretch system ensures flawless fabric positioning – and that up to fabric surface areas of 30 m²! It is firmly attached on all sides and needs no light apertures.

- The fabric is positioned securely in the side channel – as a zip would be.
- No side light apertures
- Also available as a cheaper Stretch version with a small light gap

Convincing technology for an evenly taut fabric

The proven rope tensioning system ensures even fabric positioning for Sottezza Pure and Sottezza Originale.

- Tear-resistant and high-tensile rope

- Extremely quiet and easy running
- Tried and tested tension system over many years

Which control unit fits your needs?

Basis **

Basic – operation with a hard wired switch or automatic weather system

You would like to operate your weinor conservatory awning comfortably via a hard wired wall switch? Use a simple switch to effortlessly extend and retract your motor-driven awning. Optionally, an automatically controlled unit can be used with a sun, wind and rain sensor instead of a hard wired switch.

Komfort ***

Comfort – operation with a remote controller plus dimming heating and lighting

You would like to control your weinor conservatory awning comfortably via remote control from the patio or the house? That's pretty easy with a remote controller. Optionally, the lighting and the radiant heater can be operated with it and even be dimmed. You can also control vertical sun protection or further awnings on the house by this means.

Smart ****

Smart – operation with a smartphone, language assistant or pre-set

You would like to network your weinor conservatory awning, light, radiant heater and further accessories with the further technology in your home and control it from everywhere via smartphone or tablet? That's child's play with the Smart Home Centre Somfy TaHoma Switch! Also if you would like to operate it via a language assistant or a pre-set automatic scenario.

Please note that the BiConnect and Somfy systems cannot be combined.

The right control unit to suit all needs

Whether hard wired, remote control or Smart Home, using a hand transmitter, smartphone or automatic weather control – operate your conservatory awnings and accessories really effortlessly with weinor BiConnect or Somfy control units. The LED lighting and the heating system can be dimmed fine-tuned via remote control or Smart Home. Your weinor retailer will be happy to advise you competently.

More comfort with side awnings

VertiTex II – sun and wind protection and privacy from the sides

Greater privacy, prevention of glare and protection from overheating can be achieved with the VertiTex II vertical screen.

The small, unobtrusive cassette provides sufficient space for large surface areas of the fabric.

Paravento – side privacy screen at a flick of the wrist

Our extendable side screen provides a further possibility to better enjoy more privacy: Paravento provides wind and

privacy protection and its fabric and colour can be matched to your awning.

The fabric makes the awning

Breathtakingly beautiful and long-lasting: Our wide range of fabric patterns brings a cosy atmosphere outdoors – uniquely and specifically suited to your individual style and taste.

Attractive awning fabrics to suit every taste

The exquisite my collections 2 fabrics captivate with exciting, new weaving effects, state-of-the-art colouring as well as 12 exclusive patterns – for modern outdoor living or the classical home style.

modern basics ^{blue}

The first sustainable awning fabrics designed by weinor were accoladed along with 7 design and sustainability prizes. We have now expanded them as a collection – for everyone who really cares about the future.

evermore

Innovative patterns with novel structures provide timeless, harmonious fabrics in beige and grey with an individual touch. With new interpretations of the trend topic grey, fans of classical colours absolutely get their money's worth.

hi hello!

Colourful fabrics with innovative weaving accents provide your outdoor living space with vitality and joy with their sunny atmosphere. If you like to provide strong colour accentuation with your awning fabric, you can find a wide selection of lively patterns here.

Vertical sun protection fabrics with a crystal-clear view

weinor vertical awnings reliably protect the patio and indoor rooms against overheating and your privacy against prying eyes. We recommend the screens by weinor® collection for this application.

It encompasses three different, high-quality fabrics: StarScreen, Soltis® and fibreglass screen. They all offer perfect sun protection and privacy for windows, the patio and balconies. Different degrees of transparency and to how much air is let through are possible, depending on requirements.

Note: Soltis® fabrics are not available for VertiTex II Zip.

You can find further manufacturers' information for our awning fabrics and the Industrieverband Technische Textilien, Rollläden, Sonnenschutz [Industrial Association for Technical Textiles, Roller Shutters and Sun Protection] (ITRS e.V.) under: www.weinor.com/fabric_qualities

Top weinor quality for certain

Premium quality made in Germany

Most definitely an original product

Embodying innovation – constant enhancements

Tried and tested weinor quality – certified production processes, top standards

Sustainability and responsibility – high environmental standards and regular checks

weinor certificate of authenticity

Every weinor product is delivered with a certificate of authenticity. Ask your weinor retailer for it!

Important: All the illustrated equipment is weatherproof outdoor furniture and accessories.

Fabric qualities: weinor awning fabrics meet strict quality requirements and are produced using state-of-the-art production technology. Despite this, blemishes like creases, rippling in the seam and hem area, overstretching in the hem area and honeycombing cannot be ruled out. This has no negative

impact on the quality and operating life and are not a reason for rejection. For more detailed information: www.weinor.com/fabric_qualities

Awnings and conservatory awnings: must be retracted during rain and windy conditions – otherwise there is a risk of water pooling on the fabric. Fabrics that are allowed to become wet may show creasing, wrinkling or honeycombing as well as

having visible water stains. Mould and mildew damage is also a possibility. If taken away wet the awning should be extended as soon as possible once there are dry conditions.

Frame colours: depending on the frame colour ordered, we deliver all small parts, as well as gear handles and gear boxes in black (similar to RAL 9005), white (similar to RAL 9016), or in grey (similar to weinor 7319).

Front cover: **Frame colour** WT 029/80077 | **Pattern** 3-847 porcelain
 Back cover: **Frame colour** WT 029/70786 | **Pattern** 3-716 suede

We reserve the right to make technical changes as well as changes in range and product portfolio. The weinor product range may vary depending on the country. For technical reasons, the colours may appear slightly different when printed.
